## MSC CRUISES DAILY PROGRAM

### \*ARRIVAL

MSC Seaside will arrive to Ocean Cay at approximately 7:00am and our crew along with the Ocean Cay team will get the island ready for your spectacular day ashore. At approximately 8:00am, an announcement will be made letting you know when it is time to go ashore.

## WELCOME TO OCEAN CAY

Welcome to Ocean Cay MSC Marine Reserve, MSC Cruises' private island in The Bahamas. The development of the island has been a multiyear project in which we took on the challenge of transforming what was once an industrial sand excavation site into a stunning tropical destination, including designating the surrounding waters as a flourishing marine reserve. Efforts to develop the destination in the most eco-friendly and sustainable way began over five years ago with significant efforts to clear the island and surrounding ocean bed from all discarded debris. Our work on the island has just begun as our commitment to protect, restore and conserve this beautiful cay is part of a multi-phased effort.

From the morning arrival until departure, you'll have plenty of time today to soak up the spirit of The Bahamas and discover what makes this island so special. Once again, welcome to Ocean Cay. We're excited to have you join us on this incredible journey towards creating a one of a kind sustainable destination.
